

# The People Paradigm Shift

What do the tectonic shifts in the workforce mean for employers & the talent technology industry?

**Lisa Sterling**

Chief People Officer

[@lisamsterling](#)

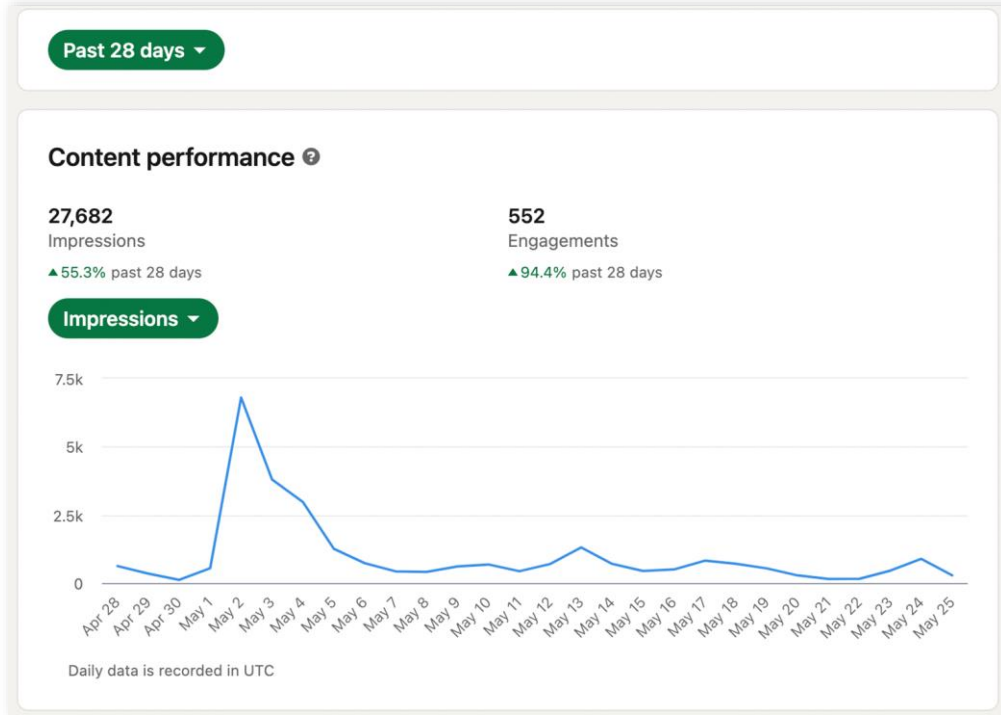

The future of work looks very different

---

Diversity, equity, and inclusion will still be hard

---

# Do Impressions Matter?

# Be Where People Are

---

We will move away from “jobs” and “experience”

---

- Do you have **foresight and capability** to remain relevant?
- Is your approach **modern enough** to compete?
- Do you know **who will disrupt you** and your business if you lag behind?

**Can you stay ahead of this wave?**

Q&A
