Year-Round Opportunities

For additional information about any of these opportunities,
please contact TAtech.

Virtual Deal Center

TAtech pioneered the concept of a Deal Center, a venue at TAtech industry conferences that is specifically designed to facilitate meetings among business leaders to explore partnerships, product integrations, marketing joint ventures, even investments, mergers and acquisitions. And now, the Deal Center is going virtual via the Network Center on TAtech.org, enabling TA companies to connect with each other and set up discussions all year long. You'll be able to reach out to prospective partners in other geographic markets around the world and in other segments of the TA market and do so on your schedule throughout the year.

- Only TAtech Network Members can participate in the Virtual Deal Center.

Virtual Product Palooza

TAtech conferences have also featured a Product Palooza during which talent technology companies introduce and demo their products and services. It's a promotional platform for companies introducing new or upgraded products as well as companies with products for other solution providers, including job board platforms, resume and career service providers, and companies offering market and buyer data. You can use the Product Palooza on TAtech.org to promote your products and your company brand to prospective customers in the TA industry and among corporate and SMB Buyers.

- Gold Network Members can participate for free; Bronze and Silver Network Members can participate at a discounted fee.
- Company not a Network Member – you can still participate for a fee.

TAtech Partner Guide Participant

Many talent technology companies rely on partnerships as a central component of their GTM strategy. The TAtech Partner Guide enables companies both to post a company description, videos, partnership goals and contact information and to research, evaluate and connect with other talent technology companies seeking partners.

- The Partner Guide is open to all talent technology companies and job boards.
- TAtech Network Members are spotlighted in each product category.

Talent Technology Buyers Guide Participant

Unlike one-off best product lists, this unique directory lists state-of-the-art talent technology products year-round. It is continuously promoted to TA/HR leaders and practitioners worldwide on social media and through TAtech's exclusive Buyer's list.

- The Partner Guide is open to all talent technology companies and job boards.
- TAtech Network Members are spotlighted in each product category.

Marketing Messages to TAtech's TA Industry & Corporate Lists

TAtech maintains an unparalleled list of company CEOs, senior execs and rising stars in talent technology companies worldwide. It includes companies offering products and services at every stage of the recruiting funnel – from branding and sourcing to selection and onboarding – and at every stage of development – from startups to global brands. The list is continuously updated and messaged to ensure its completeness and accuracy. If you'd like to connect with the individuals on this list, you can do so once, once a quarter for two quarters or once a quarter for a year.

Conference Sponsorships

TAtech Conferences are the premier events for business-building content & connections curated especially for the CEOs, executives and rising stars of every kind of talent technology company offering employers products at every stage of the recruiting funnel.
